### SHIPPING.

*Simla, the 13th June 1925.*

No. 263-S.—In exercise of the powers conferred by sections 76 and 84 of the Indian Merchant Shipping Act, 1923 (XXI of 1923), and in supersession of the notifications of the Government of India in the late Finance and Commerce Department Nos. 1574 and 4255, dated the 25th June and 23rd November 1886, the Governor-General in Council is pleased to make the following rules regarding the relief of distressed seamen or apprentices in British India :—

*Relief of Distressed Seamen.*

1. In taking charge of distressed seamen, the local authority shall provide them with subsistence and clothing, as their necessities may require, but shall make provision upon the most reasonable terms possible, and in particular shall not supply more expensive clothing to an officer than to a common seaman. Beds and bedding shall not be supplied except under special circumstances; and the value of the clothing supplied shall not exceed Rs. 10 for each person. In any case of unusual expense, when the local authority considers it absolutely necessary to deviate from the foregoing rules, or to provide relief for a longer period than one month, a statement of the exceptional circumstances which necessitated the further outlay shall accompany the accounts when transmitted for audit. Money payments to the seamen themselves for purposes of relief shall be avoided as far as practicable.

2. In all cases to which section 79 of the Act applies, a report shall be submitted by the local authority to the Government, in order to admit of the seaman's wages (if any are due) and the expenses incurred in his behalf being recovered from the master or owner or other person liable under section 80 of the Act.

*Conveyance Home of Distressed Seamen.*

3. (1) Distressed seamen who are in receipt of relief shall be sent home at the earliest available opportunity, and shall, if possible, be sent by British vessels requiring men to make up their complement in order to admit of their earning wages while being so sent. If no such vessel can be found, and if there is no immediate prospect of any such vessel requiring men, such seaman shall be sent as supernumeraries on board any British vessels (whether registered in British India or not) that may be in the port at the time, and bound to the seaman's homes, or to ports near their homes; provided that no ship shall be required to convey more than one supernumerary to every 50 tons of her registered tonnage.

(2) Distressed seamen who are able to work for their passage home but refuse to do so shall cease to be entitled to further relief under these rules.

4. The local authority shall endorse upon the agreement of the British ship, on board which distressed seamen are sent under section 75 of the Act, the name of each man sent on board, and the day on which he was sent on board. The local authority shall also, in the case of a distressed seaman sent on board under sub-section (2) of section 75, fill up, sign, and deliver to the master an order in Form A for the seaman's conveyance.

5. Whenever there are no British merchant vessel to which distressed seamen can be allotted, and the local authority thinks it desirable, in order to avoid expense, to engage a passage for them in foreign merchant vessels, he may do so on the best terms he can obtain. He shall, if practicable, avoid making any payment in advance for such passage, and shall report the terms to the Government, directing the master to apply for payment to the shipping master at the port to which the vessel is bound.

No. 1621 W., dated 3rd September 1915, no transfer from direct current to alternating current shall be carried out without the consent of the consumer concerned. (Vital) statistics—Registration in union areas—Transfer from village officers to Union Boards—Proposal dropped.]

*No.* 711.—In G.O. No. 983, P.H., dated 19th June 1923, the Government invited the views of all District and Union Boards on the question of transferring the work of registration in union areas from village officers to Union Boards by extending under section 206 of the Madras Local Boards Act, 1920, the provisions of section 264 of the Madras District Municipalities Act, 1920, and of the rules for the registration of vital statistics in municipalities issued with G.O. No. 1260, P.H., dated 6th October 1921. From the replies received so far, it is seen that a majority of the District and Union Boards are not in favour of the transfer. The Director of Public Health is also of opinion that the extension of the Madras Birth and Death Registration Act (Act III of 1899) to unions is a far simpler procedure to adopt than the proposed application of section 264 of the Madras District Municipalities Act, 1920. The Government concur in this view. The proposal will therefore be dropped.

*(G.O. Mis. No. 2136, L. & M.).*

*No.* 712.—In their letter No. 16, Department of Education, Health and Lands, dated 6th March 1925, the Government of India sanctioned the continuance of the post of Inspector of Municipal Councils and Local Boards on a temporary footing pending the receipt of final orders of the Secretary of State on the question of making it permanent.

2. The Secretary of State has now sanctioned the proposal to retain the post permanently. The sanction is registered as No. 74 of 1925-26.

*No.* 713.—The Government consider that Medical Officers in charge of rural dispensaries should be supplied with stationery articles by the taluk boards concerned. The prescribed forms and registers will however be supplied by the Surgeon-General

*Fort St. George, June 22, 1925*
*(G.O. Mis. No. 2185, L. & M.).*

*No.* 714.—The Government are advised that the chairman has power under rule 17 of schedule IV of the District Municipalities Act, to revise the profession tax with reference to the actual salary as it existed at the time of the assessment. Even though that salary is one fixed with retrospective effect rule 23 of the same schedule does not apply to such cases. In G.O. No. 28, L. & M., dated 4th January 1922, it has been held that the chairman has no power to revise an assessment of profession tax after the issue of the demand notice under section 95 of the Act. What it was intended to prohibit was a reconsideration of the assessment on the same facts again and again.

2. If a chairman fails to revise the assessment under rule 17 of Schedule IV where such a course is necessary, then it is open to the council to take action under rule 3 (4) of the same schedule.

*No.* 717.—The following Government Order is published :—

[Health Propaganda—Report for the quarter ending March 1925—Reviewed.]

G.O. Mis. No. 2305, P. H., DATED 23RD JUNE 1925.

Recorded.

2. Nearly half the number (38) of municipal councils have not, even after repeated reminders, sent their quarterly reports on Health Propaganda. In the 43 municipalities from which reports were received 584 lectures were delivered. Of these 501 lectures were given in the nine municipalities which employ Health Officers. The Government hope that all municipalities will find means to attend to this important branch of their duties and that all will be prompt and regular in sending in their reports.

3. The laudable efforts of the Cuddapah Municipal Council which arranged for the delivery of no less than 36 lectures during the quarter under review though no Health Officer was employed by the Municipal Council and the excellent work done in the districts of Ganjam, Tanjore, Coimbatore, North Arcot, Salem and Madura deserve special mention. There was an appreciable increase in the number of lectures and talks delivered during the quarter, viz., 12,360 against 8,392 in the previous quarter. It is gratifying to note that the Presidents of the Taluk Boards of Chingleput and Saidapet continued to take personal interest in health propaganda work.

Representations having been received in this office that as the rules and directions for admission of school-leaving Certificate holders to University courses of study in 1925 were published later than has been the custom in previous years and that consequently many pupils were not able to send their certificates *issued prior to 1925* to this office for scrutiny in accordance with rule V of the rules within the prescribed date, i.e., 30th April 1925, the Syndicate has been pleased to extend the time for the receipt and scrutiny of such certificates up to and including 18th July 1925. Each certificate must be accompanied with a statement giving the correct address of its holder and postage stamps of the value of 4 annas for its return. INSTRUCTIONS TO CANDIDATES APPEARING FOR THE EXAMINATIONS TO BE HELD IN SEPTEMBER AND OCTOBER 1925.

Candidates for University Examinations are required to observe the following instructions very carefully:—

1. Strict silence should be maintained in the examination room.

2. Candidates should take their places in the examination hall at least five minutes before the time fixed for giving out the papers. Candidates presenting themselves more than half an hour after the appointed time will not be admitted to the examination hall. Candidates who are undoubtedly suffering from infectious disease of any kind will not be admitted.

Candidates should bring with them to the examination hall each day of the examination their hall tickets for inspection by the Chief Superintendent.

3. Candidates are prohibited from writing upon their hall tickets or question papers. Candidates are also prohibited from writing their names on any part of their answer books, but their register numbers should be written very distinctly on the outer cover of each. Failure to write their register numbers may involve the rejection of answer papers.

4. Candidates are not allowed to exceed the time assigned to each paper.

5. No candidate will be allowed to leave the examination room till the expiry of at least half an hour after a question paper has been given out; and no candidate who leaves the room during the period allotted for a paper will be allowed to return within that period.

6. Candidates are forbidden to ask questions of any kind during the examination. They are further forbidden to communicate with the examiners; should they do so, their answers will not be valued, and their conduct will be reported to the syndicate for disciplinary action.

7. Candidates are not allowed the use of books of any kind (except as provided in rule 8). They are also prohibited from introducing into the examination room any book or portion of a book, slate, manuscript, or paper of any description, from communicating with or copying from each other; and from communicating with any person outside the examination room. Any candidate detected in the violation of these rules will be sent out of the room forthwith, and his conduct will be reported to the Registrar. The use of stencils at University examinations is not permitted except to students answering papers in Mathematics. The use of mathematical instruments whilst answering papers in Mathematics and in the Physical Sciences will be allowed. Such instruments will not be supplied by the University.

8. Clarke's Mathematical and Physical Tables will be supplied to candidates in groups (1) and (2) of the Intermediate B.A. and B.Sc. Degree Examinations.

9. Candidates are required to provide themselves with their own pens. Candidates may bring into the examination hall their own ink-bottles. They must, however, use only black ink while answering their question papers.

10. Particular attention is requested to the instructions, regarding rough working and loose sheets of paper printed on the answer books. All rough working must be shown on the left hand page of the answer books themselves. No separate books for rough working will be supplied to candidates. Paper must not be detached from the answer books of candidates. If the ordinary answer books are found insufficient, additional books will be allowed and these should be securely fastened to the answer books.

11. As soon as candidates have finished writing their answers, and wish to give up their answer books, or at the end of the period prescribed for each particular part of the examination, each should stand up in his place and remain standing until one of the superintendents has gone up to him and received his answer book from him.

12. Communications to the Registrar from candidates requesting information relating to the results of examinations will not receive attention until after the publication of the results in the *Fort St. George Gazette*.

The hall tickets of candidates sitting for the examinations at Madras will be ready for distribution at the Senate House four days before the date of each examination. Candidates sitting for the examinations at centres other than Madras should apply to the Chief Superintendent of the respective centre for their hall tickets.
